

Classroom Demonstrations

Initial Impressions

(What are your expectations about this session? • Which demonstrations are you drawn to and why?)

Notes and Takeaways

(How were you challenged by this session? • What themes are emerging? • Any meaningful interactions? • Who do you want to talk to more? • Jot down your thoughts on the field visits vs. classroom format)

Field Notes

6th Annual Satellite Summit — October 22, 2026

Welcome to the Satellite Summit! It's going to be an action-packed day, so we encourage you to take "field notes" to document your experiences. Stick to these prompts, or just do your own thing! These notes are yours to keep, but we hope that you will reference them as we reflect on our experiences this afternoon.

Morning Observations

(What sessions are you most looking forward to? • What unique perspectives are you bringing to the Satellite? • What biases might you be carrying? • How will you stay in the moment during this busy day? • Who do you want to make sure to talk to? • Any thoughts on the morning classroom sessions so far?)

Field Visit: Pussyfoot Creek Processing Site

Initial Impressions

(Sights, smells, and sounds • What is sparking your curiosity? • What are you hoping to learn here? • Create a site sketch map)

Notes and Takeaways

(How is this connecting to what you have already learned today? • What would you do or ask if we had more time here? • How does this relate to your personal or professional experience?)

Field Visit: Reynolds Property

Initial Impressions

(List one detail you are noticing • How is it different being onsite than hearing/reading about this place? • Draw what you see)

Notes and Takeaways

(What would you tell someone else about this place? • What questions do you still have? • What information and lessons will you take back with you? • What is something surprising you've learned?)
